

## COMPANY PROFILE

*PROTECTED YOU FEEL*

# SADAAT

SECURITY SERVICES (PVT) LTD.

The Leading Security Service Provider in Pakistan

# INTRODUCTION

We daily read and hear soul seizing news like theft, robbery, kidnap for ransom, subversion and murder; and observe that with passage of time such events are on continuous increase.

Founder and Ex-Chairman  
Sadaat Security Services  
Major Retd. Syed Zahid Hussian Bukhari (Late)

The common citizen feels himself unprotected; particularly business community is affected badly. The police department, in spite of utmost effort, has not been able to achieve considerable success to prevent these events due to shortage of resources. In these circumstances, every sensible citizen seriously thinks about security of his life and assets; and ultimately tries to contact any security agency.

Only Sadaat Security Services (Pvt) Ltd. is such an organization that provides you assured protection for your life, luggage and wealth. Sadaat Security Service (Pvt) Ltd. is a leading private security company operating in Pakistan since 2002.

Sadaat is operating under license issued by the Ministry of Interior & Narcotics Control (Interior Division) Government of Pakistan, Provincial Government of Punjab, Islamabad Capital Territory, Khyber Pakhtun Khawa, AJ & K and Sind is in progress.

Sadaat is diversified provider of security services to Government Agencies, industrial and commercial organizations. The company's core security business includes physical protection, information security, cash transit and automation systems for security and control.

Sadaat Security provides a variety of security services to both large and small businesses. We cover a range of security roles with the aim of providing a complete professional security package so our customers and employees can feel safe and secure at all times. An integral part of our service is helping to enhance public image of our customers by providing presentable, courteous staff.

Chairman Sadaat Security Services  
Syed Usman Zahid Bukhari  
MBA, LLB, Advocate High Court

Our services are not one-size-fits-all; it's customized, targeted solution that takes into account many characteristics of customer needs, including location and image, backed up by proper implementation, management and monitoring. Sadaat has been supporting its clients in structurally secured and secured premises.

Due to its key strengths the company has fostered such growth and expansion in the increasingly competitive environment. This has led to a recognition of being a quality provider of security and support services with the ability to provide a single source for all security needs. Our focus on ethical working practices, coupled with inventive recruitment and investment in our staff has culminated in strong trading performance and market recognition.

# SERVICES

It is our mission to provide our clients with the kind of security they require in the most efficient and cost effective and comprehensive possible manner. Because of this Sadaat Security Services is structured and organized in such a way that highest degree of service will be provided to all its clients.

## Security Guard Force

Sadaat Security's security guards and supervisors are trained to protect employees and other persons on the client property; to observe irregular and unusual conditions and activities and to correct and report such conditions.

Sadaat draws main pool of its manpower from armed forces of Pakistan and imparts training to meet critical security requirements reliably and efficiently. Comprehensive personal data of security staff is collected, screened, vetted and stored in database, which ensures that no black-listed guards join our ranks. We secretly visit the guard duty point on regular basis to ensure the reliable security for our clients.

## Mobile Roving Patrols

The Mobile Roving Patrols have been very successful for independent monitoring of operation and services of our company and of other such locations without our guard force. These teams are trained to identify job deficiencies and provide on job training with the capabilities of responding to emergency situations.

## Bodyguards

Bodyguards are mainly drawn from Special Services Group of Pakistan Army and elite force. They are trained to use all available means to survive the worst security hazards. This division forms the cream of our hand-picked men inclined and dedicated to accomplish the most impossible missions.

## Security Escort Services

The security escort services are provided through highly trained guard force, having full knowledge of offensive and defensive driving techniques and geared up to face any situation.

## Executive/ VIP Protection

We analyze and develop conceptual systems for executives and families and for other high-risk profiles, to provide security against kidnapping and criminal acts.

## Lady Checkers

We have specially trained female security staff that provides congenial physical security checkup for female visitors at reception areas.

## Cash-in-Transit

Sadaat Security provides Cash-in-Transit services to its clients using latest equipment including armored vehicles, temper proof security seals and latest monitoring techniques.

# SERVICES/ PRODUCTS

## Investigation Services

Sadaat Security also provide the investigation services for the any mishap event like robbery, kidnaping, murder etc. We have fully equipped and functional Investigation department. Our investigation department has well trained and experienced investigation officers.

## Watch Dogs

Sadaat Security has fully trained breeds of watch dogs. These dogs are trained by professional dog trainers. We also prepare new breeds for extracting more fine results. These dogs are really good at guarding especially in open/ factory areas.

## Walk Through Gates

Sadaat Security also deals in Walk Through Gates to minimize the security risks at offices, shops or at events. It is almost necessary now due to current security situation in Pakistan. Our Client's security is most important for us whatever means it takes. We provide walk Through Gates with guards, on rent and for sale also.

## Metal Detectors

Metal Detectors are also a part of our security equipment. They are very important gadget to ensure the security especially in offices and events.

## Bullet Proof Vest

For prime security of our clients we also provide the Bullet Proof Vests.

# MANAGEMENT IDEA

## Management

Sadaat Security is being run and managed by a group of highly qualified and senior former army officers who had the privileged of attending specialized staff and logistic course at the premier armed forces institutions. Professional team adopt and implement the professional business philosophy based on:

- Task analysis
- Planning
- Implementation
- Reporting
- Quality control

## Approach

In order to maintain high standard of performance Sadaat Security integrates a plan which consists of following four elements:

### 1. Strategic Planning

- Supporting client mission
- Supporting client's long-term security planning activities
- Developing management initiative for enhanced performance

### 2. Human Resource Management

For Sadaat Security Human Resources means recruiting the people and helping them to improve by:

- Treating them as valuable assets
- Matching assignments with individual talents
- Providing continuous professional on job training
- Assisting them in career advancement

### 3. Risk Management

We believe in fore seeking the risks and manage them before hand to minimize the dangers in better interest of our clients.

### 4. Participatory Management

We encourage all of our employees to take part in assessing, controlling, problem solving and decision making at their work. This results in:

- Better solution
- Better decision
- Sense of participation, pride and responsibility
- Attaining leadership quality

### 5. Productivity Management

We continuously ask ourselves if we are:

- Addressing the right issues and problems
- Applying the most efficient and cost effective methods
- Analyzing the appropriate perimeters
- Employing the proper tools
